

The topic and structure of the conference were developed in accordance with a review project on research of physical education and school sport (PESS) in different European states. PE experts in about 20 countries across all cultural setting of the continent were asked to review the state of the art of PESS with identical criteria for each country.

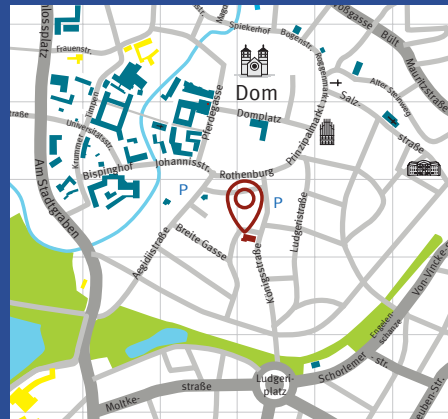

In this European Conference results of some selected country reports will be presented. Although many of the given criteria were reviewed in each country, there still is a prominent national feature which highlights national concepts and deliverables of PESS in the country. The conference organizers have picked up some topics of the European review study on which national experts with their European expertise will report on.

Start: October 17th 2022, 10 am
End: October 18th 2022, 2 pm

conference venue of WWU Weiterbildung
 Königsstraße 47
 48143 Münster

wgi Willibald Gebhardt
Institute

The Willibald Gebhardt Institute (WGI), International Institute of Research and Knowledge Transfer in the fields of Sport and Sport Sciences, celebrates its 30th anniversary in 2022. Since 2017 the WGI is based at Münster and linked as an "Affiliated Research Institute" with the Westphalian Wilhelm-University.

In the last 30 years the WGI conducted a variety of cross-border and European research projects, funded through INTERREG and EU programs. In research and knowledge transfer the WGI partners with international organisations like ENGSO Youth, EUPEA, ISCA, CEREPS as well as ICSSPE, and the IOC.
